

# Introducing HELIX7 INTERNATIONAL LIMITED

We believe fashion can be both fast and fair. By choosing eco-friendly materials, we blend style with stewardship for a better future.

# BUILDING A SUSTAINABLE COMPANY

At HELIX 7, we are shaping tomorrow with care & commitment. This means challenging the status quo of the fashion industry with a simple yet radical belief: you don't have to choose between looking good, feeling good, and doing good. With over a decade of global expertise, we blend mid- to high-end style with the highest ethical and ecological standards.

Our unique model is a testament to this commitment. Our creative vision is driven from UK, while our on the ground R&D & manufacturing operation in Bangladesh allows us to pioneer sustainable practices where it matters most. Here, we craft our collections from premium organic and recycled materials, employing innovative technologies to save water and energy.

We are more than a clothing brand; we are a promise for the future. HELIX 7 is committed to setting a new industry standard, proving that responsible fashion is the only way forward.

## Our Mission

To provide conscious consumers worldwide with fashion that is desirable, accessible, and fundamentally responsible.

## WE ARE SHAPING TOMORROW WITH CARE & COMMITMENT.

HELIX7 is reimagining the fashion landscape, weaving a new standard of sustainability and social responsibility into every fiber. From our London creative hub to our partner facilities in Bangladesh, we craft stylish, eco-conscious apparel that respects the planet and uplifts the people who make it.

This is our new blueprint for the industry—a future built on ethical transparency, relentless innovation, and true collaboration. We prove that you never have to choose between looking good and doing good.

## STRATEGIC RAW MATERIAL SOURCING

Helix7 has established exclusive partnerships with a curated consortium with some of mills. This strategic alignment is engineered to deliver an optimal equilibrium of superior quality, unwavering commitment to sustainability and operational flexibility. These alliances facilitate a reliable and diversified textile supply chain, meticulously tailored to client specifications while upholding the highest standards of environmental stewardship.

### Our Sourcing Advantages:

- **Comprehensive Material Portfolio:** An extensive selection of fabrics, ranging from cost-effective solutions to luxury textiles, with sustainable alternatives integral to our offering.
- **Certified Sustainable Materials:** Utilization of eco-preferred materials, including organic cotton and recycled polyester, backed by complete and verifiable certification.
- **Vested Partner Relationships:** Long-term, transparent partnerships with our mills ensure consistent quality, complete supply chain traceability, and exceptional value.
- **Expedited Development Cycle:** Accelerated fabric prototyping and on-demand swatch services and support rapid product innovation.

## PRODUCT SELECTION

HELIX7 is dedicated to producing premium apparel for every demographic, providing adaptable styles spanning numerous product lines. We operate on the principle that clothing must be a harmonious fusion of well-being, aesthetics, and function. Every item is meticulously created, merging forward-thinking design, environmental responsibility, and seasoned proficiency in apparel manufacturing.
